SECTION TWO

Admissions Criteria – Language College place

- **Church of England Places**
- **Other Church Places (Churches together in Britain and Ireland/Evangelical Alliance)**

If you are applying for a Church of England place, or an Other Churches place (Churches Together in Britain and Ireland/Evangelical Alliance), please read this section.

Admission criteria – Church of England, Other Churches (Churches Together in Britain and Ireland) or Evangelical Alliance

3.1 To fill all other places and to ensure a balanced intake, the Governors will refer to the results of literacy and numeracy tests given on Assessment Day. Applicants will have been placed into three ability bands and the Governors will allocate approximately 25% of the remaining places to girls of above average ability (the top band), approximately 50% to girls of average ability (the middle band) and approximately 25% to girls of below average ability (the lower band).

3.2 Once applicants have been placed in a band, governors will allocate places other than language places as follows:

Up to 80 places will be given to girls from practising Church of England families living in the area covered by the dioceses of London and Southwark. Applications must be supported by a clergy reference. First priority will be given to Looked after Children+. After this, priority will be given to sisters* of current Grey Coat pupils who are of statutory school age at the time the application is made and who will be on roll at the school at the time of admission. Other applicants in this category will be ranked according to the church commitment of each family.

Other applicants in this category will be ranked according to the church commitment of each family.

In establishing family church commitment, only family members living together at one address will be taken into account. Assessing the commitment of the child and her family will be carried out as follows:

SECTION THREE (continued)

If it is necessary to decide between applicants who have equal claims to a place under one of the above criteria in any band, the governors will apply the following tie breaker:

Distances are measured by the shortest walking route using the road network from the centre of the child's address to the front entrance of the St Andrew's building, as measured by the Local Authority's computerised measuring system. Where it is necessary to differentiate between applicants living in flats using the same street entrance, priority will be given to the applicant(s) living closest to the ground floor and then by ascending flat number order.
