Additional Information:

Pupils in Year 8 are expected to spend 35 minutes on each piece of homework.

RE: Homework in RE will be varied, but often include reflection, research or extended writing. Reflective tasks should reflect careful thought and personal insights; research tasks should utilise more than one source (books, interviews, internet etc.); each written task must improve on the last one and be properly developed and checked.

Music: Pupils are encouraged to join a weekly music club to supplement their studies in their timetabled music lessons.

PE: Pupils are encouraged to attend one extra-curricular sport club and to take part in moderate intensity exercise for 1 hour per day.

Drama: The majority of drama work is practical and group-based. This will mean that there will only be occasional homework that will involve learning lines, completing scripts or finding costumes for example. Pupils will have drama once a fortnight and homework will be for next lesson so often they will have a full timetable rotation to do the work.

Art: Students will receive homework relating to schemes of learning. However there will be some project-based tasks that will be completed at home over a number of weeks. Pupils will be given a deadline to meet with regards to handing in their project and it is expected that the quality of their work will reflect the time given in lessons and time they should spend at home completing it.
