H	English DT History	RE Music Maths Spanish Geography	English PSHCE French Science	Art Drama Maths Spanish Science	English ICT French Science

**Further Information:**

**Pupils in Year 9 are expected to spend 35-45 minutes on each piece of homework.**

**PE:** PE - pupils are encouraged to attend one extra-curricular sport club and to take part in moderate intensity exercise for 1 hour per day.

**ICT:** The majority of ICT work is project-based computer work. Homework may be set during design and evaluation stages of these projects. All projects are assessed and contribute towards the pupils' ICT levels. Pupils may choose to work on their projects at home on a computer; it is, however, not 'set' homework. Pupils will have access to the computer rooms on a number of specified days after school to work on their ICT projects

**Drama:** The majority of drama work is practical and group-based. This will mean that there will be occasional homework that will involve learning lines, completing scripts or finding costumes for example. Pupils will have drama once a week and homework will be for next lesson so often they will have a week to do the work. Some tasks may also require groups rehearsing together at lunchtime in the Drama rooms.

**Art:** Students will receive homework relating to schemes of learning. However there will be some project-based tasks that will be completed at home over a number of weeks. Pupils will be given a deadline to meet with regards to handing in their project and it is expected that the quality of their work will reflect the time given in lessons and time they should spend at home completing it.

**RE:** Homework in RE will be varied, but often include reflection, research or extended writing. Reflective tasks should reflect careful thought and personal insights; research tasks should utilise more than one source (books, interviews, internet etc.); each written task must improve on the last one and be properly developed and checked
